DETAILED ACTION

APPLICANTS' ARGUMENTS

Applicants' arguments, filed 9/27/05, have been fully considered and are deemed to be persuasive.

The drawings, filed 2/26/01, are accepted by the Examiner.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Margaret A. Powers on December 8, 2005.

In the claims:

Cancel claim 185.

REASONS FOR ALLOWANCE:

The following is an examiner's statement of reasons for allowance:

The invention is directed to recombinant polypeptides and compositions comprising a sequence that is at least 95% identical to the full length of the mature polypeptide region of SEQ ID NO: 8 as well as a sequence that is at least 95% identical

Art Unit: 1631

to the full length of the sequence of SEQ ID NO: 8. The prior art does not disclose the recited recombinant polypeptides or compositions as they are claimed in the instant invention. The 35 USC 112, 2nd paragraph rejection for claims 184 and 188, mailed 4/28/05, regarding a lack of antecedent basis was removed once "isolated or" was deleted from these claims. All the other rejections in the office action, mailed 4/28/05, were removed by canceling the rejected claims. The Examiner's Amendment above cancels instant claim 185 because it fails to further limit claim 184. Because no outstanding rejections remain, the claimed invention is deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
